

Ullswater– Sofa Range

Specification

- Solid wood frame
- Available in either hand rubbed, pull up leather or velvet
- Serpentine spring suspension
- Foam filled cushioning
- Button-tufted design
- Stud detailing which has been individually applied. These are available in pewter or antique brass.
- All models except the wing chair and footstool are supplied with a choice of both turned wood feet and castor feet for front
- Care should be taken to use only a clean dry/damp cloth for cleaning as leather cleaners and detergents can damage the leather.

This range is available in many different hides, each with unique characteristics including scars, grain variation and other markings. It is normal for leather to show signs of creasing and stretching and for interiors to lose density from use.
